LOOP CONNECTIONS

SEMINAR SERIES

“From ECM to cell motility”

Tuesday, May 8, 2012

4:00 - 5:00 pm

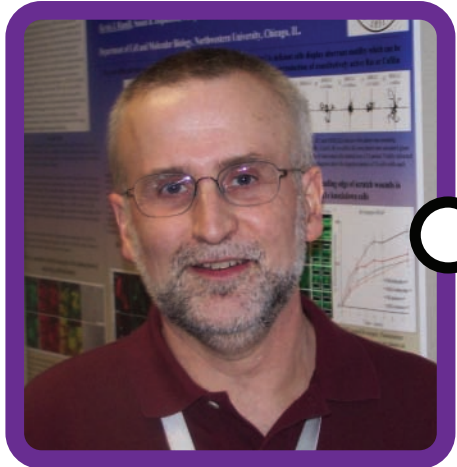

The University of Chicago

KCBD 1103

900 East 57th Street, Chicago, IL 60637

UIC

UC

Jonathan Jones, PhD

*Professor
Department of Cell and Molecular Biology
Northwestern University Medical School*

“Skin cell motility:
Integrins lead the way”

Sally Horne-Badovinac, PhD

*Assistant Professor
Department of Molecular Genetics and Cell Biology
The University of Chicago*

“The Misshapen kinase negatively
regulates integrin levels to promote
collective cell migration in *Drosophila*”

The CBC Scholars Loop Connections Seminar Series aims to build strong connections across the CBC universities by providing a platform for fostering novel collaborative efforts. For additional information contact CBC Scholar Greg Tietjen at gtietjen@uchicago.edu or visit the CBC website at www.chicagobiomedicalconsortium.org

CBC is funded by the Searle Funds at The Chicago Community Trust
