

Chicago Biomedical Consortium Scholars

present

'LOOP CONNECTIONS' COLLOQUIUM

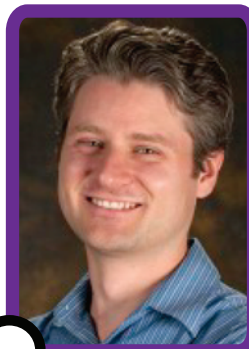

Signaling to Scale:

Forging a path from the molecule to the organism

Thursday, June 28, 2012

8:30 AM - 12:00 PM

Prentice Women's Hospital
Conference Center
Canning Auditorium, 3rd floor
250 East Superior Street
Chicago, Illinois 60611

NU

Christian Petersen

Assistant Professor
Department of Molecular Biosciences
Northwestern University

Signaling in regeneration

Artwork: Joanna Rozell

Mark M. Rasenick

Professor
Departments of Physiology and Biophysics,
and Psychiatry
UIC

Biology of depression:
A cellular signaling perspective

UIC

Eduardo Perozo

Professor
Department of Pediatrics and
Institute of Molecular Pediatric Sciences
The University of Chicago

Structural basis of
ion channel gating

UC

Attendance is free but pre-registration is required. Registration deadline: June 21, 2012.
To register and for program details go to: www.chicagobiomedicalconsortium.org
